

September 17, 2018

Yesterday, Pastor Tony and Colleen were honored and celebrated for their years of faithful and selfless service to ICC, ICS and to the community of the Keys. In speaking on behalf of ICS, we have been tremendously blessed that Pastor Tony said, "yes", to starting a Christian school in the Keys.

The mission of ICS is to "Provide quality Christian education to the families of the Florida Keys; educating mind, body and spirit while developing a closer relationship with Jesus Christ." Pastor Tony has spent decades pouring his life into this mission because of his love for education and love for God. Countless lives have been transformed while attending ICS. For that, we are eternally grateful to Pastor Tony and Colleen. Their influence will continue to be a strong presence, as ICS continues to live out the mission and vision that God gave Pastor Tony from the beginning of the school's conception.

Throughout the New Testament, we read Paul's letters, which frequently begin by saying "I thank my God every time I remember you." To Pastor Tony and Colleen, we, too, thank God for you!

Please join us in praying for Pastor Tony and Colleen as they begin a new adventure in their lives. We pray that God will pour out His favor and richest blessings upon them, and that their latter years will be greater than their former years.

We Love you!

Terri White, Head of School

On behalf of Island Christian School Community
