

Supplies for grades 7 – 12 2010-2011

The following lists have been provided to the office by classroom teachers. More detailed letters from the teachers with final lists will be available during orientation on **August 16, (details of orientation will be announced later)**.

Updates will be posted on the web site as the office receives them. Questions regarding individual student schedules should be directed to Mrs. Allman, Dean of Academics at iceagles@bellsouth.net (Schedules are normally available mid-July).

Pen and pencil

Required – students will have to use some of their own time. Sports photos and deadlines require time outside of the classroom.

*Recommended: digital camera

Home PC or laptop w/ photo editing capabilities

Recommend Adobe Photoshop or Photoshop Elements. Both are being offered this summer at a SIGNIFICANT savings for students and teachers. Home PC/Laptop must have at least 2 G memory to handle photo editing and online design program. There are computers available at school during class time, but if a student is relying strictly on our equipment, he/she will have to come in before or after school to complete his/her work.
